The screenshot shows the Mapbox Studio interface with a map of the Chicago metropolitan area. The map includes labels for Northbrook, Glenview, Plaines, Evanston, Park Ridge, Maywood, Cicero, a Grange, MDW, Burbank, Oak Lawn, Blue Island, Dolton, Calumet City, Hammond, East Chicago, Orland Park, Oak Forest, Harvey, Tinley Park, Gary, Portage, and Hobart. A large blue marker is placed near the intersection of I-94 and I-294 in the northern part of the city. The interface features a sidebar with 'Components' and 'Layers' tabs, a central 'Share & develop' section, and a 'Draft' tab. The 'Share & develop' section contains a message about cached URLs, a green status indicator for being published less than a minute ago, and sections for sharing the style via a preview link or website embed. It also includes developer resources for Web, iOS, Android, Unity, and Third party, and a style URI input field.
